Conectores y frases para entrevistas

Adición · Contraste · Secuencia · Ejemplos · Conclusión · Ganar tiempo · STAR | Hoja 6 de 6

1. Adición (Adding information)

Conector	Significado / Nota	Ejemplo
`Also`	También (el más neutro; va al inicio o al medio)	*"I automated the tests. I also updated the documentation."*
`In addition (to)`	Además (más formal; al inicio de oración)	*"In addition, I set up the CI/CD pipeline."*
`Furthermore`	Es más / Además (formal; añade peso a lo anterior)	*"The coverage improved. Furthermore, the build time decreased."*
`Besides`	Además de eso (más conversacional)	*"Besides fixing the bug, I wrote a regression test for it."*
`On top of that`	Encima de eso (informal; énfasis extra)	*"On top of that, I mentored a junior on the team."*
`As well as`	Así como / Al igual que (une dos elementos)	*"I work with Selenium as well as Cypress."*

2. Contraste (Contrast & concession)

Conector	Significado / Nota	Ejemplo
`However`	Sin embargo (al inicio; pausa fuerte)	*"The tests passed. However, we found a regression later."*
`On the other hand`	Por otro lado (contrasta dos ideas igualmente válidas)	*"Manual testing is flexible. On the other hand, automation is faster."*
`Although / Even though`	Aunque (va dentro de la misma oración)	*"Although the deadline was tight, we shipped without major bugs."*
`Despite / In spite of`	A pesar de (seguido de sustantivo o V-ing)	*"Despite the complexity, I completed the task on time."*
`While`	Mientras que / Aunque (contraste simultáneo)	*"While I prefer automation, manual exploratory testing has its place."*

3. Secuencia (Sequencing steps)

Conector	Posición	Ejemplo
`First / First of all`	Inicio	*"First, I reproduced the bug in a local environment."*
`Then / After that`	Medio	*"Then I checked the logs to identify the root cause."*
`Once I had…`	Transición	*"Once I had the fix ready, I opened a pull request."*
`Finally / In the end`	Cierre	*"Finally, the issue was resolved and the release went smoothly."*
`At the same time`	Simultaneidad	*"At the same time, I kept the team informed of my progress."*

4. Ejemplificar y concluir (Examples & conclusions)

Conector	Función	Ejemplo
`For example / For instance`	Dar ejemplo concreto	*"I use data-driven tests — for example, Pytest with CSV fixtures."*

Conector	Función	Ejemplo
`Such as / Like`	Listar ejemplos (informal)	*"I've used tools such as Jira, Confluence, and TestRail."*
`In particular`	Destacar un caso específico	*"I improved test coverage, in particular for the payment flow."*
`Therefore / As a result`	Consecuencia lógica	*"The pipeline was slow; therefore, I parallelized the test suite."*
`Overall / In summary`	Conclusión general	*"Overall, the project taught me a lot about CI/CD best practices."*

5. Frases para ganar tiempo (Buying time in an interview)

Frase	Cuándo usarla
"That's a great question. Let me think for a moment."	Para cualquier pregunta difícil — natural y positiva.
"Could you give me a second to think about that?"	Cuando necesitás más tiempo sin parecer indeciso.
"If I understand your question correctly…"	Para reformular y ganar tiempo a la vez.
"Off the top of my head, I'd say…"	Para dar una respuesta rápida y no definitiva.
"I haven't dealt with that exact scenario, but I would approach it by…"	Cuando la pregunta no te es familiar.

6. Conectores del método STAR (Situation · Task · Action · Result)

Situation *"In that situation… / At the time… / The context was that…"*

Task *"My role was to… / I was responsible for… / The goal was to…"*

Action *"The first thing I did was… / I decided to… / I worked with the team to…"*

Result *"As a result… / This led to… / In the end… / The outcome was…"*

Ejemplo STAR completo:
*"**In that situation**, we had critical bugs right before the release. **My role was to** triage them and coordinate with the dev team. **The first thing I did was** reproduce each bug and assign severity levels. **As a result**, we fixed all P1 issues within two days and shipped on schedule."*
